<p>As we all know, The English language is spoken by <del>enormous numbers</del> <sup>an amount</sup> of people and contains a variety of dialects. The article "World English" covers this topic and <del>shows</del> <sup>how</sup> portrays the way English <del>was</del> <sup>is</sup> <del>became</del> a world wide language developed over the years. <b>36</b></p>	Количество слов: <b>179</b>	
<p>Firstly, the number of English speakers multiplied as the British <del>settlers</del> <sup>settlers</sup> colonised new lands. The most crucial to the development of the language were the settlements in America where people of different social, regional and professional backgrounds worked together to build a nation. To be exact, puritan, Quaker, and Irish people influenced history and language of the country greatly. So one might say that it is unfair to only count the British impact on the language since even Spanish and French people worked on establishing the USA and <del>then</del> <sup>then</sup> imprinted their languages on English, bringing new cultural terms. <b>96</b></p>	Критерии оценивания	
<p>All in all, it's hard to disagree with the content of this article. I also consider the new accents, dialects that international settlers brought to the New World which was North America important to development of <del>the</del> the English language and establishing its status of a world language. <b>47</b></p>	Коммуникативная задача (0-10) <b>7 17</b>
